### Presidents Report:

2022 is certainly flying bye. It has been a very busy start to the year with covid still rearing its ugly head. On top of that we as a community and our organisation have endured a flood and one of our cars was involved in an accident.

We were very organised with the flood. This involved getting our container delivered and loaded, thanks to the volunteers. Since then we have arranged to move into a temporary office in Mellor Street. Thankyou to Dodt's Floorcoverings who have rented us the office for as long as needed.

One of our cars, as mentioned, was unfortunately involved in an accident in Brisbane. After stopping at the lights a truck rear ended the car, causing severe damage. The car has now been written off. This of course leaves us with four cars instead of five. Thankfully no-one was hurt. Thanks to an anonymous donation the car has been replaced. We are humbled by this generosity.

I personally would like to thank our sponsors for their ongoing support, without them we would not be able to provide the service we do to the community.

A very special thankyou to our drivers who can have very long days, up to twelve hours at times.

Our next big project is launching our cars with their sponsorship logo's. we are planning a special event for this, stay tuned for further info.

Thankyou  
Bev Goodall
